Labor never quits.

We never give up the fight –  
no matter how tough the odds,  
no matter how long it takes.

-George Meany

The most important resource  
of a union is its rank and file.

-Ray Rogers

The labor movement means just this: It is the last noble protest of the American people against the power of incorporated wealth.

-Wendell Phillips

Labor is not fighting for a larger slice of the national pie, labor is fighting for a larger pie.

-Walter Reuther

Without labor nothing  
prosper.  
-Sophocles

As can be seen in our history,  
the only answer to a powerful  
business leader is a powerful  
labor union.

-Hilton M. Weiss

Our movement is of the working people, for the working people, by the working people. . . . There is not a right too long denied to which we do not aspire in order to achieve; there is not a wrong too long endured that we are not determined to abolish.

-Samuel Gompers

Where trade unions are most firmly organized, there are the rights of the people most respected.

-Samuel Gompers

To be free, the workers must have choice. To have choice they must retain in their own hands the right to determine under what conditions they will work.

-Samuel Gompers

Our labor unions are not narrow, self-seeking groups. They have raised wages, shortened hours, and provided supplemental benefits. Through collective bargaining and grievance procedures, they have brought justice and democracy to the shop floor.

-John F. Kennedy

A working class hero is  
something to be.

-John Lennon

When a man tells you that he  
got rich through hard work,  
ask him whose.

-Don Marquis

# Dear LDRM,

did you know one of the best folk songs by Peter, Paul, and Mary is known for the verse

# My bags are packed, I'm on my way

# ~~Q~~uotas

Per the Office of Personnel Management (OPM):  
**Performance standards** should be *objective, measurable, realistic*, and stated clearly in writing

Since LDRM's "standards" don't meet this definition, they are in fact setting a number you must meet, a **QUOTA**

A production **quota** is a goal for the production of a good.  
Not objective, doesn't need to be obtainable or realistic.
